If a man's dinner is right, and he rises from the table conscious that his wife has used the same judgment as to price that she did in the selection of the articles disposed of there can be no indigestion to follow. Our goods are of the kind which bring health, happiness and a fat purse.

Table delicacies are a fad with us—they are bought because we know the average Honolulite is fond of good things for the stomach. Our prices are below the average and special inducements are offered to cash purchasers. Our latest importations include the best goods obtainable in the English markets.

Copeland's English Peas; Cod's Roe, Mackerel in Mustard Sauce and Cambridge Sausages in tins are so well put up that it would be difficult to detect the difference between them and the same articles direct from the market.

"Teyssonneau" is a long name to put before Pate but the combination makes the best tid bit ever placed before a gourmet. These are goods that anyone may eat without fear of indigestion following. They are put up in the best factories in Europe and come to us in elegant condition.

PRINNY SCHOOLGIRLS.

Eighteen Sweet Seminarians of the South on a Trip.

An Athens, Georgia, dispatch of April 2 says: Just after breakfast yesterday eighteen of the young women who attend the Lucky Cobb Institute slipped out of the grounds and began at once to enjoy the novelty of breaking in on the usual quiet of the dignified and classic town of Athens.

They were in careless, reckless, school-girlish mood, and they let it lead them whither it would. Some had their hats on and some were bareheaded. All of them were evidently bent on having a good time, and while on the business streets indulged in shouting and singing. They went into a cafe and ordered refreshments, and they perpetrated an April joke on the clerk. Then they got a tally-ho and took a ride. Altogether, they had a big time.

Mrs. Lipscomb, principal of the institute, when she discovered their absence did not send after them, but sat down and wrote letters to their parents, asking them to withdraw the young ladies from the institute at once. They will leave for their homes in the morning.

Of marine engineers alone there are over 9000 employed on the Clyde, and in the boiler shops slightly over 3000 more men: in the shipyards a full muster of fitters, platers, riveters, callers, carpenters, joiners and laborers would add more than 30,000, and over and above would have to be included an array of draughtsmen, clerks, timekeepers and counters in proportion. These, says a writer in Cassier's Magazine, are official figures.

Belfast, where no official figures are available, may safely be set down as employing 6000 men, and about half that total is the measure of the industrial activity in one commercial capital in Ireland. Taking the extensive repair work into consideration, 5000 men represent about the total on the Mersey; in the Royal Dockyards at Pembroke, Devonport, Portsmouth, Chatham and Sheerness 23,049 men are employed, of whom about a third are in the engine shops; and on the Thames, which is, despite its decadence in shipbuilding and engineering center, the total number of men employed in the industry is approximately 8000—3000 shipworkers and 5000 engineers. Of the northeast coast of England the total, including the Humber, is not far short of 70,000, of whom about two-thirds are shipyard hands.

Reasons why.

There are two reasons why people are now paying car fare all the way from Waikiki to the Palama Grocery and back. Reason 1. It is the only place on the Islands where the celebrated Salvation Army tea is sold. Reason 2. After paying car fare both ways patrons find they are money in pocket by dealing at this "live and let live" establishment. We also deliver goods between Diamond Head and Moanalua free. HARDY CANNON, Palama Grocery.

Opposite Railway depot, King street. Tel. 755.

King Bros. have just filled an order for 200 colored Hawaiian photos for party in America.

Mechanics' Home, corner Hotel and Naauau streets, lodging by day, week or month. Terms: 25 and 50 cents per night. \$1, and \$1.25 per week.

Revere "Granite" Garden Hose is exhibited in the window of the Pacific Hardware Co. They show a sample of this hose, which has been in constant use for six years.

Printed duck's are just as good, if not better than anything else for boys' shirt waists. They wash and wear well, two very important considerations. Kerr has them in a large variety of patterns at eight yards for one dollar.

Singers lead the world. Over 10,000,000 made and sold. Highest awards at the World's Columbian Exposition for excellence of construction, regularity of motion, ease of motion, great speed, adjustability, durability, ease of learning and convenience of arrangement. B. Burgeson, agent, 104 Bethel streets.

J. T. WATERHOUSE

The "Australia" takes away orders for delicacies which we have introduced to the Honolulu public and which find places on the tables of the epicures of Honolulu.

Tinned Goods, many of them, but they are prepared so capitally that they surpass even the fresh goods. The demand for these special lines is growing mainly because of the care taken in the factories where they are put up. The material is carefully selected and only the best is sent to Honolulu.

We have now on our shelves and ready for delivery the Epicurean Brand Vienna Sausage, Shrimps with Tomatoes, Baked Beans with Tomatoes, Lobster and Lamb Oysters; for the table no better goods have ever been brought to the islands.

We have also a superior quality of Ground Chocolate and Schilling's Best Teas and Spices; Crackers and Fancy Biscuits.

Telephone orders for these goods will have immediate attention. Our wagon is always on the go for the accommodation of our customers.
